ACADEMIC QUALIFICATION

Bachelors in Computing (Mobile Application Development), Islington College, Kathmandu, London Metropolitan University, First Class honours – 12/2025

WORK EXPERIENCE

Mobile Application Developer Trainee, Ambition Guru, Kathmandu Jun'25 - Present

a popular Nepalese e-learning platform and app offering online courses and entrance exam preparation for students

- Developed and maintained **9+ mobile applications** for Android and iOS platforms for both **in-house products and external clients**
- Collaborated with **cross-functional teams** including designers, backend developers, and product managers to define, design, and deliver new features based on client and business requirements
- Integrated **third-party APIs and services** to enhance application functionality, improve user experience, and support scalable feature development
- Applied **user-centric and empathy-driven design principles**, resulting in improved usability, smoother navigation, and better user engagement
- Followed agile development practices and met tight deadlines while ensuring code quality and maintainability

INTERNSHIPS

Mobile Application Developer Intern, Ambition Guru, Kathmandu Apr'25 – Jun'25

- Gained hands-on experience in modern mobile development technologies including **Flutter, Kotlin Multiplatform (KMP), and SwiftUI**
- Applied newly learned concepts while contributing to internal projects, including the **Digital Nepal** initiative
- Prepared **product data reports, code repositories, and technical documentation** to support ongoing development
- Wrote **clean, readable, and testable code**, performing logical testing on UI components, API flows, and state-management logic before QA handover

Software Engineer Intern, Innovate Tech, Kathmandu Aug'24 – Dec'24

Innovate Tech is a technology company based in Baluwatar, Kathmandu, founded in 2019 and serves as the technology arm of the Innovate Nepal Group (ING). It focuses on transforming education through technology

- Designed and developed backend components for **HRM microservices**, including **Asset Management** and **Wiki Services**
- Worked with **Node.js** for backend development and **MongoDB / PostgreSQL** for database management
- Delivered comprehensive **technical documentation**, improving project continuity and team collaboration

Graphic Designer Intern, Innovate Tech, Kathmandu Mar'24 – Aug'24

- Designed innovative **e-book layouts and digital learning materials**, improving visual appeal and student engagement

ACADEMIC/RESEARCH PROJECTS

Title: Automobile Search and Sort Language used to build: Java (DSA Practice)

Duration: 1 month

Team Size: 1 person

Brief Description: Tailor made Classes for sort and search. Used NetBeans to Create a program with GUI that Helps to sort and search using algorithms like Binary and linear search, merge, selection sorting

Link Github project: Cizerthapa/DSASortAndSearch

Title: Portfolio App

Duration: 1 month

Team Size: 1 person

Brief Description: Used Android Studio with Java Language and also need to learn about XML to make a native application that helps in portraying the person.

Link Github project: Cizerthapa/PortfolioApp

Title: yourNext (Final Year Project)

Duration: 6 month

Team Size: 1 person

Brief Description: Developed yourNext, a cross-platform mobile application using Flutter, focused on guiding users toward personalized educational and career pathways. Implemented clean architecture and efficient state management to ensure scalability, maintainability, and smooth user experience. Integrated user authentication and personalized content delivery to support informed decision-making. Applied modern mobile development best practices, emphasizing performance, usability, and modular design.

Title: IOT - Arduino

Duration: 1 month

Team Size: 5 person

Brief Description: Developed a small project with Arduino to make a simple auto door that detects people or vehicle to let it pass using C#.

TECHNICAL SKILLS

- **Programming & Mobile:** Dart, Flutter, Java, Kotlin (basic), SwiftUI (basic)
- **Software Practices:** Clean Architecture, Clean Coding, Version Control (Git/GitHub)
- **Backend & APIs:** REST API Integration, Node.js
- **Databases:** MongoDB, PostgreSQL (basic)
- **Development Focus:** Cross-platform mobile development, UI/UX implementation

CERTIFICATIONS

- Essential Mandarin, LinkedIn Learning, 8/2023
- Agile Software Development By Shashi Shekar, LinkedIn Learning, 4/2025
- Dart Clean Code: Writing High-Efficiency, Maintainable Dart Programs, LinkedIn Learning, 9/2025
- Learning TypeScript, LinkedIn Learning, 8/2024
- Learning Java 11, LinkedIn Learning, 9/2023
- Learning Node.js, LinkedIn Learning, 5/2024
- Learning Python (2021) , LinkedIn Learning, 8/2023
- AWS Academy Graduate - AWS Academy Data Center Technician, 2024
- AWS Academy Graduate - AWS Academy Cloud Security Foundations, 2024
- Java Practice: Collections, LinkedIn Learning, 10/2023
- AWS Academy Graduate - AWS Academy Machine Learning Foundations, 2024 Completed

CO-CURRICULAR ACTIVITIES

Rota Run Mini Marathon, 1/2026

Videography Winner 2022, Gems Institute of Higher Education
Finance Seminar by Sanjog Koirala, 2025 Islington College
Internation Exposure to Thailand, 10/2025 Islington College
Hackathon Awareness Program, 2025 Islington College
USG of Technology, 2021 Gems College

COMMUNITY SERVICE/ SOCIAL WORK

Gems Social Club 2022, Gems Institute of Higher Education
Local Plogging Initiative 2025, Bhaisepati
